Mission: ***Licking Memorial Health Systems Exists to Improve the Health of the Community.***

Slogan: ***Measurably Different ... for Your Health!***

Vision: ***To be the best community healthcare facility in the State of Ohio.***

# A Message from the President

In 2023, we celebrated Licking Memorial Hospital's anniversary of 125 years of caring for the community. On January 18, 1898, the first Hospital in Newark was established in a nine-room house on North Third Street. The facility was moved to the corner of Buena Vista and Everett Avenues in 1914 to accommodate more patients. The current location on West Main Street was built in 1966, and is now a medium sized, high-tech community Hospital.

In addition, Licking Memorial Health Systems (LMHS), the not-for-profit organization, has expanded over the years and now consists of Licking Memorial Hospital (LMH), Licking Memorial Health Professionals, a group of 100-plus physicians in various specialty practices, and the Licking Memorial Health Foundation, a fundraising and resource development corporation. Over the past 125 years, and more specifically in the past 20 years, we have added new facilities including a surgery location on Tamarack Road, three Urgent Care locations, three health campuses, and physicians' offices located throughout Licking County.

LMHS had much to celebrate in 2023. As one of the largest employers in the county, we have been recognized as a great place to work by several national organizations and through the Newark Advocate's Best of Licking County campaign. LMH continues to grow and acquire technology that assures our families, friends, and neighbors receive the highest quality care, close to home.

As part of our yearly improvement project, we expanded and updated the Radiology Department. New technology has been added and more access to X-rays and mammograms are now available at our Urgent Care facilities and the Women's Health Office on Messimer Drive. Nuclear medicine, ultrasound, and computed tomography (CT) machines were replaced and/or upgraded at various locations to maintain advanced level technology capabilities.

The Licking Memorial Laboratory has also been updated with new testing equipment that offers quicker results for some of the most critical testing. The newest generation of chemistry and hematology instrumentation has been added to the automation line, providing a broader test menu and increasing efficiency. In the microbiology and molecular lab, more enhancements and the most advanced system for organism identification has been integrated.

In addition, LMH now offers more non-invasive procedures with more physicians and surgeons utilizing the da Vinci Robotic Surgical System. At the Licking Memorial Medical Campus at 1717 West Main Street, a new space was created for Rehabilitation Services to add new specialized equipment and offer more options for physical, occupational, and speech therapy.

LMHS is dedicated to the mission of improving the health of the community, and that commitment extends above and beyond providing quality healthcare. Social drivers, such as housing, food insecurity, and transportation, affect community health, and LMHS has made a commitment to address the needs in Licking County. To increase transportation options for residents so that they may travel easily to local shopping areas and medical appointments, LMHS collaborated with Licking County Transit to subsidize fares on new fixed bus routes. The three new routes run hourly and make stops along Main Street, 21st Street, and areas in Granville. In partnership with the Food Pantry Network of Licking County, LMHS is assisting in the establishment of a food pantry on the west side of Newark that will provide multiple offerings including fresh produce.

Above all, LMHS values service and philanthropy, and supports local organizations that uplift and strengthen the entire community. By sharing resources, including

donations, volunteers, and leadership, LMHS enriches the lives of Licking County residents. I believe that we can all be proud of what our organization provides and shares with the community now and over the past 125 years. I am honored to be a part of this organization and work with such talented individuals.

Robert A. Montagnese  
President & CEO

# Boards of Directors

## Licking Memorial Health Systems Board of Directors

The Licking Memorial Health Systems (LMHS) Board of Directors oversees all aspects of LMHS' three corporations: Licking Memorial Hospital, Licking Memorial Professional Corporation, and Licking Memorial Health Foundation. As volunteer community leaders, the Board Members serve to ensure LMHS provides the best care and services available.

## Licking Memorial Hospital Board of Directors

In 1898, a small group of dedicated women opened a nine-bed Hospital with donated furnishings in a converted house at 154 North Third Street in Newark to meet the needs of the community. After many evolutions throughout the past century, Licking Memorial Hospital now stands on West Main Street with state-of-the-art technology ready to serve the community. Today, like their predecessors, our Board of Directors is comprised of dedicated individuals who volunteer their time to guide the operations and policies of the Hospital.

### Hospital-wide Directives

- Promote patient safety
- Incorporate innovation and technology
- Maintain financial strength
- Meet community needs
- Maintain independence
- Deliver quality care
- Adhere to corporate integrity
- Attain service excellence
- Cultivate relationships with patients, customers, and employees

## Licking Memorial Health Systems Senior Management

The 16 members of the Licking Memorial Health Systems (LMHS) Senior Management have extensive experience that provides strong leadership. With their collective background and vision, LMHS is able to proactively meet the community's needs.

**Robert A. Montagnese**,

Immediate Past Chief of Staff

### Licking Memorial Hospital Medical Staff Appointments

Highly qualified and skilled professionals who joined the LMH Active and Consulting Medical Staffs from March 2023 to February 2024 include:

Sara I. Ali, M.D.  
Anish K. Amin, M.D.  
Auroa G. Badin, M.D.  
Ahmad Y. Bakdali, M.D.

Zackary M. Birchard, D.O.  
Kwame N. Doh, D.P.M.  
Saad A. Hagra, M.D.  
Kalpana Jones, M.D.

Kara J. Kaplan, M.D.  
Zeyn T. Mirza, M.D.  
Paul A. Nicholson, M.D.  
Priyanshi Patel, M.D.

Laura E. Roache, D.O.  
Luis F. Soto III, M.D.  
Son H. Tran, D.P.M.

# Changes, Enhancements, Technology

Licking Memorial Health Systems (LMHS) implements the best modern medical advances to improve healthcare experiences and outcomes for patients. Changes may be subtle and take place without public awareness. Enhancements and modifications at LMHS over the past year include:

## Progressa+ True ICU Smart Bed

Licking Memorial Hospital (LMH) acquired 13 new smart beds in the Intensive Care Unit (ICU). The Progressa+ True ICU bed, manufactured by Hillrom, contains in-bed technologies that optimize patient care and accelerate recovery, resulting in decreased time spent in the ICU and a reduction in hospital costs. Bed features include a 40-inch frame to accommodate patients of various weights and sizes, head of bed access to allow easier contact with the patient for intubation and other bedside procedures, and a radiolucent deck and X-ray sleeve for daily ICU procedures to be performed at the bedside, helping to avoid delays in patient care. Advanced support surface features help protect the patient's skin integrity to prevent pressure injuries. The beds are also equipped to deliver pulmonary therapies to reduce respiratory complications associated with long periods of immobility. Flexible frame options include one-button, full-chair positioning with chair egress as well as stand assist to support patients through early mobilization. An integrated alarm alerts caregivers if patient movement is detected to help ensure patients are safe while in bed and prevent patient falls.

## Licking Memorial Health Center at Licking Heights

LMHS partnered with Licking Heights Local School District to establish the Licking Memorial Health Center at Licking Heights. The Health Center, located inside Licking Heights High School, opened in August and provides greater healthcare access to students and staff, their family members, and local residents. The Health Center provides preventive care and treatment for common illnesses as well as mental health services offered by Behavioral Health Partners of Central Ohio. An on-site laboratory is also available at the Health Center for point-of-care testing, such as pregnancy tests, urinalysis, strep, influenza, RSV, COVID-19, and diabetic levels. School-based health centers are

an effective strategy to ensure students remain in school, are healthy, and ready to learn. The Health Center also benefits working families, so parents and guardians do not need to miss work to take their children for treatment.

## Paxman Scalp Cooling System

Licking Memorial Hematology/Oncology introduced the Paxman Scalp Cooling System for patients undergoing chemotherapy treatment to prevent hair loss. Scalp cooling can alleviate the damage caused to hair follicles through chemotherapy by reducing the temperature of the scalp by a few degrees before, during, and after chemotherapy treatment. The cooling cap consists of two parts – an inner silicone cap and the outer cover cap. The outer cap attaches to the cooling system that delivers coolant through the inner silicone cap. Throughout the treatment, the coolant cycles through the cap, extracting heat from the scalp, and returning it to the system to be re-cooled. The success rate for scalp cooling is up to 70 percent for some chemotherapy regimens. Clinical data shows that patients who use scalp cooling have hair regrowth that is faster, stronger, and healthier than those who do not use the treatment.

## Evolv

To increase safety and prevent violence in the workplace, LMHS installed new technology to be utilized at the Emergency, Main Hospital, and Surgery entrances to protect patients, staff, and visitors. Evolv Express® is the world's first AI-based touchless weapons detection solution that provides non-intrusive and rapid screening to identify dangerous weapons before entering the Hospital. Evolv Express combines advanced sensors, cameras, and artificial intelligence to identify threats while ignoring harmless personal items such as keys, tablets, or cell phones. When a potential threat is detected, real-time alerts show the precise location of the threat. Evolv Express

is ten times faster than a standard metal detector for an expedited and non-intrusive experience. The weapons system enables rapid detection, quick resolution, and a safer environment for patients, visitors, and employees.

## TCAR

Licking Memorial Vascular Surgery added an alternative procedure called transcatheter artery revascularization (TCAR) for patients with carotid artery disease (CAD) who have a higher risk of complications from surgery due to age or other health issues. TCAR is a clinically proven, minimally invasive procedure used to treat CAD and help prevent future strokes. It provides direct access to the artery and temporarily reverses blood flow so that any bits of plaque that may break off are diverted away from the brain. TCAR takes less time than traditional surgery, limiting stress on the heart and minimizing the risk of perioperative or pre-perioperative complications.

## Radiology and Laboratory Technology Upgrades

In the Radiology Department, nuclear medicine, ultrasound, and X-ray machines were replaced and/or upgraded at various locations to maintain advanced level technology capabilities. The three computer tomography (CT) scanners at LMHS were upgraded to 128 slice scanners offering better image resolution. The Department also replaced the prone stereotactic breast biopsy unit with an upright system to offer patients a more comfortable position for the procedure.

The newest generation of chemistry and hematology instrumentation was added to the automation line in the LMH Laboratory, providing a broader test menu and faster result turnaround times. LMHS also added a new bacterial identification system that uses a laser to ionize microbes for identification in minutes. The

system will reduce the cost of such testing and offer more accurate results.

## Capsule Technology

LMH acquired technology to combine information and data from several machines frequently needed for patient care to monitor a patient's condition more efficiently. The Capsule Medical Device Information Platform improves clinical decision making and workflow by integrating data from several medical devices such as ventilators, continuous dialysis machines, balloon pumps, and the Arctic Sun Hypothermia machine. The new technology allows nurses and ICU staff members to have better focus on the patient and offers more personalized care. Responses to even subtle changes in the patient's condition are made more quickly, offering the best possible outcome for recovery.

Capsule uses a specially programmed touchscreen, the Capsule Neuron, that contains a number of standard cable connection interface ports. A device identification module is placed on cable connectors for each individual medical device. When a medical device is in use for a patient, that device can be plugged into the Capsule monitor which then automatically transfers the information into a flow sheet for charting in LMH's electronic health record, Epic. The technology enhances care by improving visibility of the data, timeliness of relevant information, and improving communication among care teams. The chance of transcription errors is lowered as well.

## i-STAT Alinity TBI Plasma Test for TBI

LMH Laboratory Services offers a new blood test to assist physicians in evaluating patients with mild traumatic brain injury (TBI). Healthcare company, Abbott Laboratories, developed the test to provide a new, reliable result that allows a medical professional to quickly assess whether a patient requires a computerized tomography (CT) scan for further evaluation or if a CT scan can be safely omitted.

The rapid diagnostic test allows Emergency Department staff to quickly triage patients with traumatic brain injuries and make a more informed decision about the safety of discharging the patient without performing a CT scan. According to Abbott, the TBI test can potentially reduce unnecessary CT scans by up to 40 percent. The quick turnaround time can decrease patient wait time in the ED, clear resources for other patients, and reduce the cost of treatment. LMH is the third hospital in the entire nation to adopt the i-STAT Alinity TBI Plasma Test.

# 125 Years of Caring for the Community

During the late 1890s, a number of proactive women in Newark saw the need for a Hospital. They sought donations from the community, and soon nine beds were donated, along with food, bedding and other supplies, and local residents made monetary donations. The Newark Hospital Association was incorporated as a not-for-profit organization, and the area's first Hospital was established in a nine-room house at 154 North Third Street in January 1898.

In 1914, the Hospital was moved to a newer and more modern structure at the corner of Buena Vista Avenue and Everett Avenue and named Newark City Hospital. A brand new facility was built in 1966 and 81 patients were moved into the innovative and technologically advanced healthcare facility known today as Licking Memorial Hospital (LMH).

In 1987, the Development Council was formed to support the Licking Memorial Health Foundation.

The Foundation is the fundraising and resource development organization for Licking Memorial Health Systems (LMHS). The Licking Memorial Health Professionals (LMHP) Corporation was formed in 1995. Today, there are 100-plus physicians in various practices. Physician offices are located throughout

Licking County, including Granville, Hanover, Heath, Hebron, Johnstown, Newark and Pataskala. LMHS employs more than 2,400 highly trained and compassionate individuals.

Since the establishment of the first facility, LMH has been and continues to be responsive to the healthcare needs of the Licking County area. The facility is now categorized as a medium-sized Hospital that offers a full spectrum of quality patient care services, from emergency medicine to home health care, and offers a number of specialized medical services unique for a Hospital of its size. Comprehensive services are available in areas such as cancer, heart, maternity, and mental health.

LMHS has remained at the forefront of patient safety by implementing state-of-the-art technology to provide the highest quality care in order to fulfill the mission to improve the health of the community. New features at LMH include smart beds that contain in-bed technologies that optimize patient care and accelerate recovery, resulting in decreased time spent in the ICU and a reduction in hospital costs. The Capsule Medical Device Information Platform improves clinical decision making and workflow by integrating data from a number of medical devices

such as ventilators, continuous dialysis machines, balloon pumps, and the Arctic Sun Hypothermia machine.

Upgrades in 2023 included a new chemistry system in the Laboratory Department, and a new bacterial identification system that uses a laser to ionize microbes for identification in minutes. The system will reduce the cost of such testing and offer more accurate results. Licking Memorial Vascular Surgery recently added an alternative procedure called transcatheter arterial revascularization (TCAR) for patients with carotid artery disease (CAD) who have a higher risk of complications from surgery due to age or other health issues. TCAR is a clinically proven, minimally invasive procedure to remove plaque from the carotid artery.

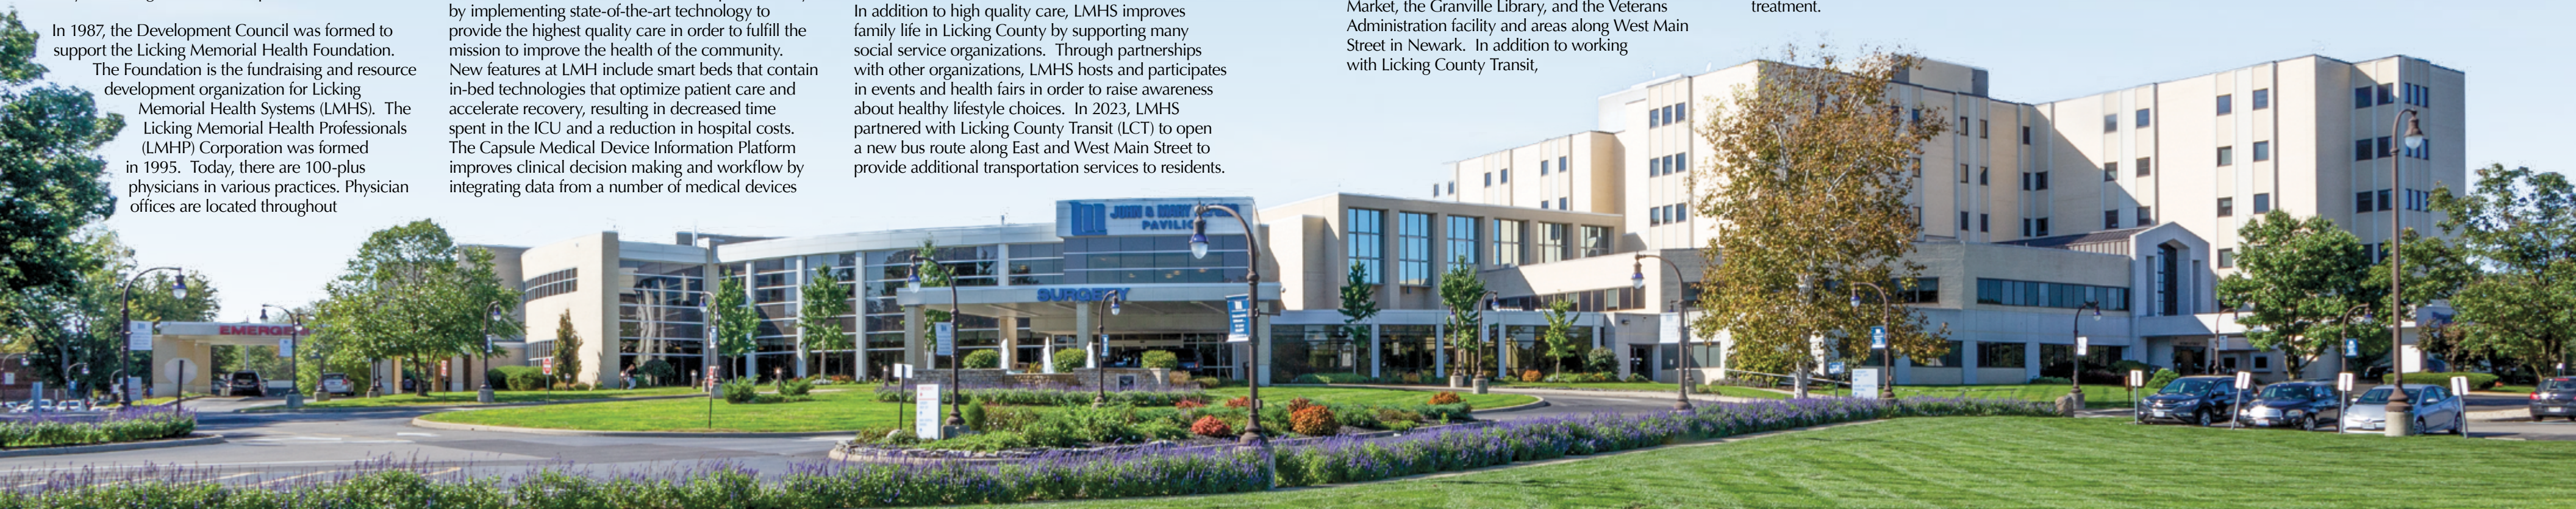

In addition to high quality care, LMHS improves family life in Licking County by supporting many social service organizations. Through partnerships with other organizations, LMHS hosts and participates in events and health fairs in order to raise awareness about healthy lifestyle choices. In 2023, LMHS partnered with Licking County Transit (LCT) to open a new bus route along East and West Main Street to provide additional transportation services to residents.

The service runs hourly from 6:00 a.m. to 6:00 p.m., and connects Licking Memorial Medical Campus, located at 1717 West Main Street, to the Licking County Aging Partners/Heritage Hall, located at 1058 East Main Street. The service is one of three deviated fixed routes that Licking County Transit has added to its current system.

The second route begins at the Licking Memorial Medical Campus, 1717 West Main Street, travels along 21st Street to Licking Memorial Family Practice – North Newark, located on Goosepond Road, and the Licking County Health Department, on Price Road, then returns to the Medical Campus. The final deviated fixed route transports passengers to Granville and includes stops at Bryn Du Mansion, the Eisner Center at Denison University, Ross' Granville Market, the Granville Library, and the Veterans Administration facility and areas along West Main Street in Newark. In addition to working with Licking County Transit,

LMHS is currently collaborating with the Food Pantry Network of Licking County to establish a market-style food pantry on the west side of Newark. LMHS is providing the building and will further assist by providing volunteers to run the market.

To increase access to primary care and behavioral health and improve health equity within Licking County, LMHS established the Licking Memorial Health Center at Licking Heights. The Clinic, located inside a school building, is the first of its kind for LMHS and was made possible through a strong partnership with Licking Heights Local School District. The Clinic is an effective strategy to ensure students remain in school, are healthy, and ready to learn, and benefits working families, parents, and guardians who do not need to miss work to take their children for treatment.

# 2023 Awards and Recognitions

Licking Memorial Health Systems (LMHS) and its dedicated employees, Medical Staff, volunteers, and community members work diligently every day to ensure that the community has access to excellent healthcare. Over the past year, LMHS received the following awards and recognitions:

- “A” Rating by The Leapfrog Group – Spring (14 consecutive “A” ratings)
- 2023 Lown Hospitals Index – Outstanding Performance for Social Responsibility, Value of Care, and Clinical Outcomes
- U.S. News & World Report High Performance rating in Heart Attack
- U.S. News & World Report – Best Hospitals for Maternity Care, High Performance Rating
- Intersocietal Accreditation Commission (IAC) – 20-year Accredited Facility in Echocardiography
- The American College of Radiology (ACR) – ACR Stereotactic Breast Biopsy Accredited Facility and Licking Memorial Women’s Health Recognized as an Accredited Mammography Facility
- Joint Commission – LMH Laboratory – Clinical Laboratory Improvement Amendments (CLIA) Accreditation
- College of Healthcare and Information Management Executives (CHIME) – Digital Health Most Wired Recognition for the Acute Care and Ambulatory Settings
- Grand Gourmet Award – Operation Feed Campaign (Overall campaign contributor)
- Columbus Business First Corporate Citizenship list – Top 40 Organizations in Central Ohio
  - Top Companies in Central Ohio for Volunteer Hours
  - Top Companies in Central Ohio for In-kind Contributions
- Platinum recognition – DoNation 2023 campaign – Lifeline of Ohio – includes 100th Placenta Donation
- Community’s Choice Awards Licking County
  - Best Place to Work
  - Best Hospital
  - Best Physical Therapy for Licking Memorial Rehabilitation Services
- Healthy Business Council of Ohio – Healthy Worksite – Gold level recognition
- Stephen F. Loeb’s Outstanding Leadership Award from the Health Services Management & Policy Alumni Society – Rob Montagnese
- Everyday Hero Award – Columbus Monthly – Lynda Hoffman
- Newark Advocate – 20 Under 40 Recognition – Elizabeth W. McIntosh, M.D.

# 2023 Employee Recognition

## MVPs

## Clarissa Ann Howard Nursing Award for Clinical Excellence

## Managers of the Year

## Healthcare Worker of the Year

# Patient Testimonials

## Craig Burdick – Heart Care

"I provide pastoral care for several healthcare facilities in the area. One summer day while visiting one of the facilities, I began to feel overheated and unwell. I thought I just needed rest, but when I returned home, my arm began tingling, which I attributed to side effects of a past shoulder surgery. My wife, Gina, suggested I visit the Hospital, but I decided I just needed to rest. The next morning, as I was getting ready for work, I felt faint and nauseous. Gina called 911, and the EMTs determined I was having a heart attack. I was transported to Licking Memorial Hospital (LMH) and rushed to the catheterization laboratory to have a stent placed in my artery that was 99 percent blocked. Dr. Rajjoub and his team were amazing. They moved together as though they were a well-oiled machine. I was up and walking the halls soon after the surgery and went home two days later. The Cardiac Rehabilitation team was phenomenal with my recovery. I am grateful to be able to spend more time with Gina and my four children."

## Dawn McPeck-Bowser – Diabetes Care

"I was very surprised and emotional about my diabetes diagnosis because my family had no history of diabetes, and I did not know anyone who had the disease. I thought my life was going to change drastically for the worse and was frightened by the changes I knew I would have to make. My primary care physician, Marita L. Moore, M.D., referred me to LMH's diabetes self-management education and support (DSMES) program. The entire experience was eye-opening. I learned so much about diabetes and how to manage the disease. When the staff explained that healthy eating habits are more about moderation than limiting certain foods, I was so relieved to know that I would not have to deprive myself and would be able to live normally with a few minor changes. I cannot say enough about the benefits of the education I received at LMH. Since taking the DSMES classes, I have lost over 70 pounds and have been able to decrease my diabetes medication dosage. My energy has increased, which allows me to spend more time playing with my grandchildren. I learned that a diabetes diagnosis is not the end of the world, and a productive, fun life is still possible."

## Kelly Capitini – Maternity Care

"In December 2021, I visited the LMH Emergency Department (ED) due to an ectopic pregnancy. I saw Cynthia Kearse, D.O., and was impressed with her compassion and care. Though the circumstances were extremely uncomfortable, I received maternity care that I had never experienced before. I did not have positive birthing experiences with my first two children when we lived in New York and felt I had no control over my birthing plan. When I discovered I was pregnant again, I knew I wanted a low-intervention birth but was concerned about giving birth in a hospital. Physician center manager Leisa Lunsford spoke to me about the amenities at LMH, explained that the Hospital had doulas on staff, and that the nurses and physicians are supportive of low-intervention births. Everyone was phenomenal and treated me like a real human being. I had never experienced that type of compassion and care before. I highly recommend LMH's services for anyone looking for a safe, welcoming birthing space."

## Sophia Renner – Rehabilitative Care

"My daughter, Sophia, was having difficulty with gross motor skills when she was six months old. After numerous tests, we discovered that Sophia suffered from Angelman syndrome, a rare genetic disorder that causes delayed development, intellectual disability, problems with speech and balance, sleeplessness, seizures, and epilepsy among other medical issues. I was taking Sophia for physical therapy in Columbus and became frustrated with the long drive. I learned that Licking Memorial Rehabilitation Services offers pediatric therapy including physical, occupational, and speech therapy, so I took Sophia for an evaluation, and she began working with therapist Taylor Wright. Taylor is so gentle and compassionate with Sophia, and they have built a strong relationship with each other. It is fun to watch the two of them bring smiles to everyone receiving therapy at the facility as Sophia walks around the therapy space with her walker. I am so happy to have found an amazing therapist so close to our home."

## Jacinda Raines – Respiratory Care

"After spending 10 days in isolation from being infected with COVID-19, my symptoms had not subsided. I visited the LMH ED because I was experiencing shortness of breath. I was diagnosed with COVID pneumonia. Pulmonologist Emilia N.U. Anigbo, M.D., cared for me during my Hospital stay and suggested that I participate in the Pulmonology Rehabilitation Program to receive assistance in strengthening my lungs. I attended the program twice a week for six weeks. The Pulmonology Rehabilitation staff carefully monitored me as I performed my workouts to ensure I maintained safe oxygen levels and heart rate throughout my activities. Before I began the program, I could not do my daily chores because I could not breathe. Now, I can accomplish my chores and move around. After my prescribed sessions were over, the staff gathered to acknowledge my graduation by clapping and cheering for me. It really made me feel special. I appreciate the care and kindness everyone provided me during my rehabilitation."

## Joe Foresta – Surgical Care

"At my annual physical, my primary care physician, Christopher Forbush, D.O., strongly recommended that I receive a colonoscopy after learning that I had not had one in 11 years. Even though I was not experiencing signs or symptoms of cancer, I made the appointment at LMH. During the procedure, the gastroenterologist discovered seven polyps. After a biopsy, I was informed that I had stage two colon cancer and would require surgery to remove a small section of my colon. I met with the surgeon, Victor F. Ferrini, M.D., and he explained everything to me. It was reassuring to understand what was going to happen during the surgery, and I felt confident about a successful recovery. After a post-surgery examination, Dr. Ferrini said he was impressed with how quickly I was recovering. He sent me home on the fourth day after my surgery. During my stay, the staff treated me very well, were kind, and very supportive. I was grateful to have such wonderful care."

# Community Events

Throughout 2023, Licking Memorial Health Systems (LMHS) employees and local residents were invited to events that celebrated LMHS' achievements and areas of growth. These events informed the community about the healthcare environment, communicated our appreciation to community members, and highlighted services. The events in 2023 included:

## Corporate Breakfast Events

The Licking Memorial Hospital (LMH) Development Council hosted four Corporate Breakfast events in 2023 to inform community leaders about LMHS' services and medical advances. The topics included a recap of 2022, motivational speaker Chris Herren, updates on initiatives and technology at LMH, and issues surrounding vaping and drug use disorders.

## Active Programs

In 2023, LMHS hosted four events as part of the Active•Fit Youth Wellness Program – Junior Chef, a Health & Fitness Fest, Bowling, and Field Day. During the Bowling event, participants bowled for two hours alongside participants of the Active•Senior Wellness Program. A variety of activities, such as soccer, flag football, kickball, and freeze tag, were available at the Field Day event. The Active•Senior Wellness Program also featured a number of events, including Yoga, Bingo, Game Show, Dance, Celebration, Brunch Walk, Pickleball, and Gourmet Gardener.

## Caregivers Expo

The LMH Development Council hosted the Caregivers Expo at LMH. More than 230 people attended the event to obtain information from area vendors with available resources that assist families who are caring for aging loved ones, and grandparents who are the primary caregivers of their grandchildren. The event featured 47 vendors, including care facilities, financial institutions, summer camps, and community organizations such as Big Brothers Big Sisters and the YMCA. Additional resources on mental health, family assistance, and healthy living were also available.

## LMHS Summer Camps

LMHS staff devoted their time over the summer to educate local youth, ages 7 to 12, about various health topics in fun, outdoor day camp settings. On June 16, Camp Feelin' Fine participants gathered to learn more about asthma, manage their symptoms, and interact with others who also have the condition. On August 4, LMHS hosted Camp Cool for its' first year, which is to help youth explore mindfulness activities. In July, high school seniors interested in pursuing a career in healthcare were invited to participate in Camp Med. The two-day event consisted of interactive demonstrations and discussions on a variety of healthcare topics.

## "For Your Health" 5K Run/Walk & 1-mile Fun Walk

The 2023 "For Your Health" 5K Run/Walk & 1-mile Fun Walk was held on July 22. More than 1,200 residents from Licking County and Central Ohio registered for the 15th annual event. Honorary Chairs were Megan, Kevin, Cody, and Lexi Miller.

Active•Fit Field Day

Cancer Survivors Picnic

## Cancer Survivors Picnic

Approximately 150 Licking County residents gathered on the grounds of the Licking Memorial Medical Campus on June 1 for the 12th annual Cancer Survivors Picnic. The event celebrated and honored cancer survivors for serving as an inspiration to individuals currently receiving cancer treatment. Guest speaker D'Anna Mullins, M.D., Ph.D., of Licking Memorial Hematology/Oncology highlighted the Hospital's oncology team. LMHS President & CEO Rob Montagnese recognized the attending cancer survivors and thanked family and friends for the continued support that they provide to loved ones during their cancer journey.

## Walk with a Doc

LMHS Active Medical Staff physicians were joined by community members as they enjoyed a walk at various locations in Licking County, including The Dawes Arboretum and the Buckeye Lake Bike Path. During the walk events, the physicians led discussions on various topics, such as post-traumatic stress disorder (PTSD), skin cancer, and vaccinations.

Walk with a Doc

Family Movie Night

## Family Movie Night

On June 2, LMHS hosted a free Family Movie Night. More than 150 community members attended the event at the Pataskala Health Campus for an evening of active play on a variety of inflatable fun areas. Afterward, attendees enjoyed a viewing of the Warner Brothers film, *Space Jam: A New Legacy*, on a 30 foot-high inflatable screen. Families were also provided healthy snacks and beverages at no cost to enjoy as they watched the movie.

## Be Wise...Immunize

In October, LMHS offered free influenza vaccines to Licking County infants and children. More than 300 youth, up to the age of 18, attended the "Be Wise ... Immunize" Youth Vaccination Clinic at Licking Memorial Women's Health – Downtown Newark and Licking Memorial Pediatrics – Pataskala. Staff members from Licking Memorial Pediatrics administered the vaccines after consulting with the children's parents.

Be Wise...Immunize

## Lifetime Achievement Reception

Each year, the LMH Development Council hosts the Lifetime Achievement Reception to recognize those individuals whose actions provide a better quality of life for citizens of Licking County. On November 2, the 2023 Lifetime Achievement Award recipient, Patrick D. Guanciale, was recognized for championing the Licking County community to promote economic development. Created in 1989, the Lifetime Achievement Award is the highest honor that LMHS bestows each year. The 2023 Mary Jane McDonald Building a Healthier Community Award was presented to the Buckeye Valley Family YMCA. The organization was honored for putting their unique principles into practice through programs that build a healthy spirit, mind, and body for all.

"For Your Health" 5K Run/Walk & 1-mile Fun Walk

# Community Outreach

Licking Memorial Health Systems (LMHS) is committed to our mission to improve the health of the community. The best way to protect community health is to prevent injury and disease; therefore, LMHS devotes many resources to educating the public about healthier lifestyles and proper medical care. In addition, LMHS is committed to giving back to the community through support of local groups and events.

The public is informed of all LMHS programs and health trends through press releases, local media, social media, the seasonal *Community Connection* magazine, monthly *Quality Report Cards*, and an extensive website.

LMHS partnered with many local organizations, such as the American Red Cross and Career and Technology Education Centers of Licking County (C-TEC), throughout 2023 for various events, including blood drives and Active•Fit and Active•Senior events. Most of LMHS' programs and screenings are offered free of charge. Others are provided at a nominal cost.

2023 events, programs, and sponsorships included:

# Employment

Licking Memorial Health Systems (LMHS) has provided employment opportunities for Licking County residents for more than 125 years. LMHS is the primary healthcare provider in Licking County and has an established reputation as the community's leading healthcare provider. This distinction is largely due to the dedication of LMHS' 2,400-plus employees who serve diligently to improve the health of the community.

LMHS has high standards for its employees and believes in recognizing and rewarding their accomplishments through various celebrations, including monthly Dining with the Stars recognitions, employee birthday events, annual recognition events, as well as daily on-the-spot and peer recognition programs. LMHS also offers a comprehensive benefits package that includes a retirement savings plan, tuition assistance, free uniforms, and free access to an employee wellness center, in addition to excellent health, dental, and vision insurance. At the end of 2022, LMHS introduced a new pet adoption benefit. In partnership with the Licking County Humane Society and Licking County Dog Shelter, employees who adopt a pet from either agency can seek reimbursement for the adoption fees, up to \$235 per adoption.

## 125 Years of Caring at LMHS

In January 2023, employees celebrated 125 years of providing quality healthcare to the community with a donation-themed celebration. Divided into interdepartmental teams, a friendly competition occurred to determine which groups could donate the largest quantity of cold weather items in pounds, and the most monetary donations. After all items were weighed, contributions equaled 165.4 pounds of cold weather items (outerwear, blankets, etc.), while monetary donations reached \$9,862. The collected goods were donated to The Center for New Beginnings and The Salvation Army of Licking County to help needy individuals and families in Licking County stay warm during the cold winter months.

## National Doctors' Day

National Doctors' Day provides the opportunity to honor physicians throughout the U.S. each year who guide and treat patients to positively impact their health. During the month of March, LMHS celebrates the Licking Memorial Hospital (LMH) Active Medical Staff and their dedicated service. Patients from the community are also invited to recognize physicians by giving a donation to Licking Memorial Health Foundation (LMHF) in their physician's honor. The LMH Active Medical Staff is comprised of 163 physicians and 57 consulting physicians who provide their expertise and care to the community.

## Hospital and Healthcare Week

During the annual observance of National Hospital & Healthcare Week in May, LMHS paid tribute to

all employees who contributed to the organization's award-winning care. The five-day celebration in May included a variety of activities such as bingo, breakfast treat and lunch food trucks, massages, an employee recognition event, prize drawings, and an employee carnival with numerous fun games, prizes, and carnival-themed foods. To conclude the week's celebration, the Clarissa Ann Howard Nursing Award for Clinical Excellence and MVP awards were presented.

## Employee Recognition Event

On May 16, LMHS employees who observed an anniversary in a five-year increment in 2023 were invited to the John Gilbert Reese Center at The Ohio State University – Newark/Central Ohio Technical College campus for the annual LMHS Employee

Recognition Event, which featured a game show theme and offered honorees an opportunity to win prizes. 259 employees were recognized for their five-year anniversaries. Employees celebrating 35-, 40-, and 45-year anniversaries received a framed proclamation for their dedicated service at LMHS. The event also featured the Manager of the Year awards, as well as the new LMHS Healthcare Worker of the Year award.

## Medical Staff Recognition

In October, LMH held the annual Medical Staff Recognition Dinner at Moundbuilders Country Club to show appreciation for LMHS physicians and their dedication to improving the health of the community. LMH Chief of Staff Andrew Seipel, M.D., introduced new physician appointees and recognized those celebrating five-year anniversaries. To conclude the event, LMHS President & CEO Rob Montagnese also presented the 2023 Physician of the Year award to Bradley R. Lewis, M.D., of Licking Memorial Anesthesiology. The award recognizes a physician who has consistently demonstrated care and concern for patients, clinical knowledge, and a good relationship with peers and other Hospital staff members.

## Birthdays with Rob Celebrations

LMHS President & CEO Rob Montagnese hosted six birthday celebrations for employees in 2023. Employees had the opportunity to win prizes, enjoy refreshments, receive a gift for attending, and join in open discussions regarding any LMHS matter or issue.

## Dining with the Stars

The Dining with the Stars program is designed to thank individuals and departments when positive feedback about their customer service is submitted to LMHS. Each honoree received a letter of appreciation and was invited to a luncheon or breakfast with LMHS President & CEO Rob Montagnese.

## Fall Employee Cookout

In September, LMH hosted a special recognition cookout to congratulate all employees for continually providing quality care and services to the Licking County Community. Employees enjoyed a menu of barbecue favorites as LMHS President & CEO Rob Montagnese served popcorn and gave away special NFL team cups.

# Fundraising

Charitable donations help Licking Memorial Health Systems (LMHS) proactively respond to the growing healthcare needs of the community through the incorporation of the latest technological advances. To generate funds for equipment purchases, capital expenses, and facility improvements, the Licking Memorial Hospital (LMH) Development Department works diligently to raise contributions to Licking Memorial Health Foundation (LMHF). The contributions provide capital for projects and programs that may otherwise go unfunded and are not used for salaries or general operating expenses.

In 2023, LMHF supported the installation of new and replacement state-of-the-art technology in the Radiology and Laboratory Departments. Three nuclear medicine cameras, a bone density machine, stereotactic breast biopsy unit, and numerous ultrasound units and X-ray machines were upgraded and added to various providers locations, maximizing image quality. To meet the rapidly changing field of laboratory medicine, the newest generation of chemistry instrumentation in our Microbiology and Molecular Lab was implemented, providing a broader test menu and faster result turnaround times. This advanced equipment further enhances patient experience, improves patient outcomes, promotes safety, and ensures availability of high-quality healthcare close to home.

## Community Cornerstone Club

The Community Cornerstone Club is comprised of individuals and businesses who contribute an annual gift of \$100 or more to LMHF. In 2023, 192 members raised \$66,100 toward the new and replacement equipment for the Radiology and Laboratory Departments.

## The Caduceus Society

Physicians have a special opportunity to lend financial support through The Caduceus Society, a prestigious giving level for physicians who pledge \$10,000 or more over a period of 10 years. The Caduceus Society has a total of 87 members. Ejaz Ahmad, M.D., joined in 2023.

## The William Schaffner Society

The William Schaffner Society, which was created in memory of William Schaffner – the first chair of the Licking County Hospital Commission, now has 138 members who have pledged a minimum of \$10,000 over 10 years. New donors in 2023 were Cecilia K. Boll-Pool, Diana Ermlich, Michael A. Noble, Jr., Kris Richard, Wesley VanMeter II, and In loving memory of Joe Yee by Sue Yee.

## Golden Corporate Honor Roll

The Golden Corporate Honor Roll distinguishes companies that have made a total commitment of

\$10,000 or more to LMH. Participation in this program signifies the company's alliance with the Hospital to ensure the continuation of excellent healthcare services. The Golden Corporate Honor Roll has a total of 12 members.

## The John Alford Fellowship

The John Alford Fellowship was created to memorialize the extraordinary commitment of LMH's long-time supporter, John W. Alford. Members pledge a minimum of \$25,000 over 10 years. The John Alford Fellowship has a total of 47 members. New members in 2023 were Keith and Heather Burkhart, The Hagele Family, Kenneth C. Parker, M.D., and Family, Dr. Howard & Sara Reeves, and Cynthia Steen Young and James T. Young.

## Platinum Circle

The Platinum Circle is reserved for LMHF's business and corporate donors who have contributed a minimum of \$25,000. These gifts enable LMH to purchase new equipment and provide additional services to meet the healthcare needs of the residents of Licking County. The Platinum Circle has a total of 13 members.

## Benefactor Level

Benefactors are special friends of LMH, both individuals and businesses, who support the LMHS

mission to improve the health of the community by donating \$50,000 or more. LMHF has 16 Benefactors, including 11 individuals and 5 corporations, following a generous commitment from Janine and Brian Mortellaro in 2023.

## Founder Level

Founders are altruistic individuals who have made outstanding contributions to LMHF by providing gifts of \$100,000 or more. LMHF is fortunate to have 26 Founder memberships.

## LMH Golf Gala

The annual LMH Golf Gala took place at the Denison Golf Club on September 18, with Marcia and Jonathan Downes serving as Honorary Chairs. The team of LMH Vascular Surgery, which included Max Phillips, Theresa March, D.O., Howard Reeves, D.O., and William Phillips, D.O., took first place. This year's **Club Sponsor** (\$7,500 and above) was Denison University. The **Birdie Sponsors** (\$1,000) were 89.3 The River; Anomatic Corporation; Anonymous; Jerry & Betty Ashcraft; Craig Cairns, M.D., M.P.H.; Central Ohio Technical College; CK Construction; Flint Ridge Nursing & Rehabilitation; Going Green Services; Guanciale Group of Coldwell Banker Realty; Heckman's Lawn Service; Hospice of Central Ohio, Inc.; Imprivata; In Memory of Rodney Tyler Garner; Korda/Nemeth Engineering; Kevin & Megan Miller; Mitchell Systems; Moyer Group Wealth Management of Raymond James; NBC4; Reese Pyle Meyer PLL; Rotary Club of Newark; Sunny 95; and Ben & Susan Zwiebel. A total of 168 golfers played in the 2023 Golf Gala, which raised more than \$230,000.

## PRIDE

Employees have a special opportunity to support LMHS with charitable contributions through payroll deductions to PRIDE (Providing Resources in Dedicated Employees). As of December 2023, PRIDE had 832 members. Since 1987, PRIDE contributions total almost \$4 million.

## Paving Our Future Commemorative Bricks

The LMH Development Council offers a distinctive way to recognize family members, friends, or organizations with commemorative bricks. Personalized bricks are available in two sizes and are placed in one of LMH's exterior walkways. A total of 8 commemorative bricks were purchased and placed on the grounds in 2023.

## Honorary and Memorial Giving Program

Many community members appreciate the opportunity to pay tribute to a loved one, commemorate a special event, or celebrate a recovery through monetary contributions that benefit LMH. In 2023, LMHF received 4 honorary and 28 memorial donations.

## Doctors' Day Donations

In recognition of Doctors' Day on March 30, community members are invited to express appreciation for a favorite physician by making a donation to LMHF in his or her name. A total of 47 physicians were honored through donations in 2023.

## Cradle Roll

The births of 76 babies were commemorated through gifts to the Cradle Roll program in 2023. Community members offering gifts of \$150 to \$249 receive a handcrafted step-up stool, while those with gifts of \$250 or more receive a handcrafted child-size rocker. The name of the baby and donor are placed in the Cradle Roll Log in the LMH Main Lobby for any gift of \$25 or more.

# Development Council

The Licking Memorial Hospital (LMH) Development Council was established in 1987 to increase charitable giving to LMH and to enhance and promote meaningful community relations for the Hospital. Approximately 80 community members with diverse backgrounds and expertise serve on the Development Council committees. They are committed to furthering the LMHS mission of improving the health of the community.

The LMH Development Council operates under the guidance of Licking Memorial Health Foundation (LMHF), a not-for-profit corporation that conducts fundraising activities to benefit and support the Hospital. LMH is financially sound, but remains subject to financial difficulties, including government cutbacks in Medicare and Medicaid reimbursements, revenue shortfalls, and the continuing cost of charity care. Donations to LMHF provide for capital needs, services, and programs at LMH that may otherwise go unfunded.

## Executive Committee

Robert McCaughy, Chair	Thomas J. Hall, M.D.	James Mitchell	Robert Montagnese,
P. David Shull, Vice Chair	Sally Heckman	Stuart Parsons	LMHS President & CEO, Ex Officio

# TWIGS

Since 1950, local TWIGS (Togetherness, Willingness, Imagination, Giving and Sharing) committees have donated nearly \$6 million toward equipment and capital purchases at LMH. They raise funds year-round through sales and special events. In 2023, TWIGS contributed more than \$100,000 to the Hospital.

There are four active TWIGS Committees that continue to support LMH. The current Chairs of the individual TWIGS Committees are: Cathy Beatty – TWIGS 6, Betty Siarnicki – TWIGS 8, Sharon Wills – TWIGS 13, and Janet Wells – TWIGS 24. The members of the TWIGS Executive Board are: Marilyn Weber, Chair; Lynne Rotruck, Vice Chair and Assistant Treasurer; Darlene Baker, Treasurer; and Janet Wells, Recording/Corresponding Secretary. For information about becoming a TWIGS member, please call (220) 564-4084.

# Volunteers

In 2023, Licking Memorial Hospital (LMH) volunteers donated 12,221 hours to assist with many important tasks, such as greeting visitors, assisting with Hospital mailings, transporting patients, delivering mail and newspapers, and helping guide visitors to their appointments in the Hospital and off-campus buildings. LMH is appreciative of each volunteer and their selflessness to serve the Hospital in its mission to improve the health of the community.

In recognition of their service, the annual Volunteer Recognition Dinner was held in April. The event included the presentation of service awards in five-year increments. The celebration concluded with the announcement of the 2023 Donald Day Volunteer of the Year award to Julie Wiegman and Dave Douglas. Together, Julie and Dave have contributed nearly 3,500 service hours to LMH. The members of the Volunteer Executive Board are: Julie Wiegman – President, Karen Hedrick – Vice President, Malissa Moran – Corresponding Secretary, and Pat Law – Recording Secretary.

Number of physicians:	118
Physician practice patient encounters:	436,733
Average companies served per month by Occupational Health:	140
Full-time equivalent employees:	477
Salaries/benefits:	\$87,230,229*
Operating expenses:	\$106,902,573*

\*Unaudited

# 2023 Donors

Every donation, regardless of amount, that benefits Licking Memorial Hospital helps our mission to improve the health of the community. Many gracious community members chose to honor friends, family members or physicians, or remember loved ones with a monetary gift to Licking Memorial Health Foundation in 2023. Donations may be restricted to a specific program or service or allocated to the general account, allowing Licking Memorial Health Systems to use the gift for the most urgent need. All gifts are tax-deductible to the extent allowed by law. For more information, please contact Vice President Development & Public Relations Veronica Patton at (220) 564-4101.

**PRIDE Donors**

This special group of LMHS employees  
 supports the Hospital financially every payday.  
 As an integral part of the Development  
 Council fundraising efforts, PRIDE members  
 join the community in supporting, building  
 & maintaining an excellent healthcare  
 organization.
